#### MEDICAL.

Dr.King's Dispensary. DR. A. KING, a practitioner of New York, for the last 28 years, has opened a Dispensary on Market street, between First and Second, nearly opposite the Bowless House, for the treatment of Private Diseases, such a Gon orrhea, Syphillis, and all diseases of the skin and other frangements growing out of needed or imperience use. his long experience and success enable him to act with sondence. All those who may sonfide their cases to him may rest assured of having the disease effectually cured, and every vestage of the difficulties perfericely gradicated from their constitutions. and every vestage of the diff ulties perferictly eradicated from their constitutions.

STRICTERES of old or recent date effectually cured in a few days by an operation which causes no pain. Where a stricture exists, general derangement of the whole constitution must ensue, a continuance of which will bring on a train of symptoms to he dreaded, and will undermine the constitution and cause premature old age.

SERINAL WEARYSS.—Particular attention will be given to this disease, and all the consequences growing out of it, brought on, in many cases, by the destructive habits of inconsiderate youth, and excessive indulgence of the passons, which undermine the constitution, rendering the subject unfit for either burness, or society, and causing premature old age.

His success in curing all those of the above difficulty, with the exception of a few, of the many hundred patients who have come under his care during the last thirty years of his practice enables him effectually to restore to health such cases as have been considered incurable. On the contrary, all those who from neglect or improper treatment, need only expect a train of symptoms to follow, the effect of which will end in their complete destruction.

Also, all those who are afficied with any of the following diseases need not despair of being cured: Erysipelas, Scorolla or Kings Eril, White Swellings, Cancer, Salt Rheum or Tetter, Scald Hoad; is fact all diseases arising from impurities of the blood.

The Persons abread, by writing and statis is their case, with a fee enclosed (post-paid) can have the medicine sent to their address, with necessary directions for using the same. same.

Of Strict secress observed in all cases.

Mr. Waller's vindication of the Sonth from the dishonorable breach of faith and infraction of plighted honor in the repeal of the Missouri compromise, as charged by Jndga Robertson, was most triumphant.

The first national action of this party encouraged the hope that it would realize this patriotic expectation. It announced in June, 1855, that ty defeats never discouraged them. And in Noit would maintain the existing legislation upon the subject of slavery as a settlement of the question. Under this declaration some thirty-three to write you that Boyle County has done better embers of Congress were elected by the Amer- for the Democracy than before.

One of the most laughable and ridiculous things we know of, is to hear Know Nothings daiming nearly all the Sonthern States for Fillmore. Some of them claim Virginia, Mississippi, Alabama, and Georgia; while others, more modes, only claim all the other Southern States. The pheloge to maintain the register the bolster up their party and prevent it from going bodily into democracy. The men who make such statements do not believe them themselves, and will not bet one dollar upon their assertions. You cannot find a Know Nothing who will bet on the States which they claim as certain for Fillmore, much less upon all the Sonthern States. A bettless of a representative in Congress."

In Pebruary, 1856, this policy was changed. The pledge to maintain existing legislation was satured was charactered by an exceed in which not only the subject, but the name of "slavery is carefully lg-nored. The guarantee for the admission of new slave States, specifically given by the declaration of the delaration of the lagal citizens of a Territory "to fame their own domestic and social affairs in their own mode, subject obly to"—the Wilman their own mode, subject obly to "the provisions of the federal constitution," which last phrase, under the interpretation of the dominant majority in Congress, means precisely the same thing. With this restriction the privilege of admission into the Union is granted to the Territorial State whenever is shall "have the requisite population for one representative in Congress."

At the accord a wool and in the Aman a vision and one representative in Congress.'

At the same time, and upon the same principle of nentrality, the American party nominated for its candidate a gentleman of integrity and patriotism, but it did not require him to say whether he would, if elected, veto a bill restoring mission.

R. R. R. Radway's Ready Relief

PAME. HES have been before the public so long have the performed so many miraculous cures. have restored so many thousands of weak, ie-ble and dying, invalids to robut theaith, have protected whole negliborhoods from sudden attacks of raging pestilence, have been tested and tiled with the most astonishing success in the most difficult cases that Hospital Practice and the prevalence of Yellow Fever, Millious Fever, Spottet Fever, Typhus Fever, Pneumonia. Cholera, and all other malignant disorders could jurnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mendion the names of Page, Stone. Gilless, Francis, Lambert, wriffen, Hopkins, and many others well known to the people, and have restored back to life persons who were dying, and had been given up by all the doctors of merit in the places where they lived, that we deem a shortrenerence to each of the Three Sumple Retmides we use in the R. R. Practice surficient to warrant the sick, the alling and the diseased to give these life saving and Ready Remedies a fair trial.

Radway's Ready Relief, for all purposes where the body is seized with paln-whether it be of a simple character, or the most thorturing paraxisms; whether it be Toothacke or Chiclera, whether Headsche or Baams an it cramps; whether aches or pains in the bones or joints, shoulders or back, or the more terrible spanns of Neuralga; whether in the howels or joints, head, back or stonach, Radway's Ready Relief will in a few minutes restore the most terribly afflicted to care and comfort. 11.

Badway's Renovating Resolvent is for the cure of all Chronic and old established diseases; of Humonra, Skin Diseases, Scrottla, Bronchitis, Bad Coughs, Dyspepsia, Syphilis, Sores, Ulcers, 'Unnora, Nodes, Swelling, Radway's Renovating Resolvent has cured the most trightfully shiftered objects, who were covered from head to foot with Hols, Sores and Ulcers—Even when the human body was no rightfully mutilated by the lava of discase as to render it necessary that the leper should be benished fr an the presence of society, and be kept in separate apartments, as the havoc which disease had made in the human body was so disgusting as to shock and esteen the senses of the most intimate latends. Kadway's Kenovating Resulvent has given to such objects new and healthy bodies, and filled the vetas with a fresh, pute and stream of blood.

RADWAY'S REGULATERS.—The discovery of this last great remedy establishes in medicine entirely new principles, which medical writers and sages have for years in vain sought to discover. In Radway's Regulators we give to the world a cathartic, purgatic, aperient, diuretic, diaphoretic, and above all a hegulator of the whole Human Body.

A pill that, while it purges from the body the refuse deposits, it heals all sories, ulcers, or irrusticoss in the bowels or mucuous membranes. Resewed attenath follows each operation, and instead of the patient growing weaker by their execusitions, as its the result that follows all drassic pills, very organ nerve and lissue of the body is strengthoused by their healing; cleanising and regulating efficacy. The use of Radway's Regulators will dispetise entirely with the banctul dring Calomel, Bure Pillor Mercury, in any form; all the good effects either "the Doctor" or the patient expects to derive from the use of Mercury will be excursed by knowny's Regulators, without endan gring tee system by salvating it. Hence the great and important advantage which the discovery of Radway's Regulators, without endan greaten expected to the reverse from the loss of Mercury, in all salvations are just the remedy required in those analignant cases. They heat all assets and ulcers, entirer in the bowels or in the coat of the stomach, event the whole intentines were plus the remedy required in those analignant cases. They heat all assets and ulcers, entirer in the bowels or in the coat of the stomach, event the whole intentines were about the remedy required in those analignant cases. They heat all assets of the whole length of the bowels, they will not irruste or occasion any pant; they expel quickly all poit somous and infectious deposits, and will, as soon as desoived in the stomach, withdraw the congested sind accumulated humors from the interior surface of the bowels and expel all such humors entirely from the system is all their regulating powers. No matter whether it be MAN or great are re

Not one hour's work tas been lost ou Mr. Money's plantation by sickness since he began the use of Radway's Ksady Relief and Regulators among his negroes. One-very plantation where nadway's keady Reine dees are kept for the use of lamilies and servants, you will be sure to find health, happiness and contentment.

READY RELIEF:

A LUMP OF DEAD DIGNITY

On board of the steamboat Sholwell, on her trip from N. w Orleans to Cincinnate, the cholera had laid on their backs some fitty out of seventy-five passengers, for a tew hours the seems was of the most terrible character—Among the passengers ware two regular deciors and a staunch rirend of Radway's Ready Reher. This two doctors town under their care the patients in the ladter's saloon and the patients on one side of the forward saloon. The R. R. R. itlend took the deck passengers and the cabin bat-engers on the larb sard side of the loward cabin; as last as the Ready Relief was applied to the R. R. sengers under their treatment, seven died in the agonies of Cholera. At last both of the doctors were taken sick; the field was now left open to the R. R. M. advocate, and with the assistance of some gentlamen who bad witnessed its miraculous efficacy, it was applied to all the remaining patients who were quickly relieved from their ditures ing and dangerous situations.

The two dictors were now the only sick ones on the boat Dr. W., a man of good sense and liberal views, called for the R. R. R. advocate. "Sir "said the Doctor." I have made up it y mindto try your quack medicine—it is out of the power of remedies us d by the regular order of our tacility to cure me; I will, therefore, at the risk of being denounced by the faculty, consent to save my like by the assistance of Radway's Ready Ralief." Not sodid Dr. Noo le, he being determined to make himself a mar try to the "diratity of the profession." refuses to save hilleby a "quack medicine." He dashed aside the Life Restoring Remedy, and left as a trophy of his firmaess and adherance to forly, a usup of dead eignity.

TISM. AND CURED BY BADWAY'S READY RELIEF.

GENTLEMEN: A recent trial of your R. Rehef for Rheumatism proves it to be a sovereign remedy. About four weeks ago! was reize! with Lumbayo, and quite unable to standap. I purchased irum Mr. McCherson, a bottle of R. R. Relief, rubbed my back well and obtained immediate relief. The next morning I felt pain in my hip joint and in a few days it became considerably enlarged. I was afraid to the more of the Relief, lest it should drive the pain to a more vital part his the body, but as the pain in my joint, knee and anucle became so exculating, I got another bottle of Radway, and applied it, and washed my whole limbs with it; and I am happy to say with complete viccess. The intense and unusual cold at this season, I feel has the offect of remcwing the pain, but one application of the Ready Relief will barlah it. Could I keep my leet warm at all times, I would have nothing to fear from the Rhematism alterapplying your Ready Relief. I shall occasionally draw attention to the efficacy of your medicines, the result of experience.

Yours truly, JOHN McWINNE, Editor and joint Proprietor of the Sentinel, January 13, 1856.

A long debate was had concerning the priority of business, during which Mr. Weller said, today has been assigned by the democratic caucus for the consideration of the Pacific R. R. bill. Mr. Trumbull protested against the majority of the meeting, which was secret, to decide the order of business. They might as well expel the minority at once. Mr. Weller explained, the ob-ject was to dispatch business in a systematic way instead of wasting time discussing its priority. Mr. Clayton said for the remainder of his public life he should always vote as he pleased, without being a sleye to any party. Mr. Douglas justified the caucas in order to defeat the policy of the opposition, who desire a delay in action of the pu-blic business. Mr. Fessenden, in behalf of the conrise of the minority would have the right to infer from their action—such was their policy.
